Re: Prequalification Approval
Federal Tax ID# 46-3608124

Dear Mr. Kalb:

Based upon the information furnished on your requalification application, the New York City School Construction Authority (SCA) has requalified your firm to submit bids/proposals for SCA projects for a period of three years until **April 3, 2022** for the following: **Controlled Inspection (37022), Testing/Inspection Services (37106)** and **Quality Control/Field Sample/Test & Inspection Services (01450)**. Requalification does not mean that your firm will automatically receive a contract for work with the SCA. Your requalification status allows you to compete for business on SCA projects as a prime and/or sub-consultant within your approved discipline(s).

Although your firm is qualified to submit proposals for the aforementioned discipline(s), it also must meet the specific technical requirements, if applicable, for each SCA project. You are to refer to the SCA project specifications for additional required experience and certifications. In that regard, we encourage you to visit the SCA's website on a regular basis. Using the following link to our "Competing for Business" page, you can stay informed about upcoming projects and learn of opportunities for your firm to receive SCA Requests for Proposals:

In addition, we note that your firm will be subject to a full responsibility determination at the time of consideration for any specific contract award.

Furthermore, we remind you that your firm's status as a "Requalified firm" is always subject to review. You must submit in writing to the NYCSCA any substantive changes to your prequalification application as soon as possible, but no later than (30) days of said change(s). Substantive changes include, but not limited to, key people, ownership, court proceedings, investigations, bankruptcies, etc.

If you have questions regarding your status, please call the requalification Division at (718) 472-8777.

Very truly yours,

Martina Mercaldo
